Bozeman, Montana

This former mining town doesn't just appeal to ski bums searching for powdery hills and classic runs like Bridger Ridge. Since it's a home base for exploring Yellowstone, Bozeman draws both hardcore powder hounds and wildlife lovers. For a heart-pounding adventure, step out of your comfort zone with a mushing expedition with a reputable outfitter like Yellowstone Dog Sled Adventures. Afterward, stroll along Main Street to warm up at a coffeehouse, explore eclectic shops and galleries or check into The Lark, a modern boutique hotel offering a variety of winter packages. Craving more adventure? Enjoy snowshoeing and snowga (snowy yoga) at Big Sky Yoga Retreats or go on a horse-drawn sleigh ride with hot chocolate with outfitter Sunrise Pack Station.
